

The Australasian Society of Aesthetic and Plastic Surgery

Non Surgical Symposium

The Science, The Technology, The Technique

Registration Brochure

17-20 November 2011 Hilton Sydney

President's Message

It is my great pleasure as President to welcome you all to ASAPS Inaugural Non Surgical Symposium being held at the Hilton Sydney from 17 – 20 November 2011.

The symposium is open to all plastic surgeons, cosmetic doctors, dermatologists, nurses involved in non surgical procedures and dermal therapists.

The symposium Committee has planned a comprehensive schedule to educate us all about the most up-to-date developments and aspects on non surgical procedures.

The first day of the symposium is reserved for an interactive, in-depth small group learning and discussion with the masters including live demonstration of injection of toxin and fillers (the upper face, the upper eyelids, temple, lower eyelid, midface, nose, lower face and

neck) followed by learning the functional anatomy with fresh cadaver dissection and demonstration. This Facial Injectable Masterclass: The Anatomy, The Aesthetic, The Technique is **strictly limited to 60 doctors** which is now full with a waitlist.

Friday 18 to Sunday 20 will be full of high quality presentations by international and local speakers.

As always, we are grateful to all the trade and industry sponsors who will be present in numbers to display the latest products and services relevant to plastic surgery.

I am certain there will be something for everyone in the social program.

I look forward to meeting you there.

Craig Layt

Acknowledgements

ASAPS Non Surgical Symposium Committee would like to thank the following who at the time of printing have given their support.

Partners in Education and Platinum Sponsors

Advanced Skin Technology
Allergan
Johnson & Johnson Medical

International and Local Speakers

Symposium Committee

Dr Steven Liew, Program coordinator
Dr Sean Hamilton, Education officer
Dr Scott Ingram, Honorary Treasurer
Dr Craig Layt, President

Lectures and Live demonstrations by:

Dr Steven Fagien (Oculoplastic Surgeon, USA)
Dr Steven Liew (Plastic Surgeon, Australia)
Dr Arthur Swift (Plastic Surgeon, Canada)

Cadaver Dissection

Dr Peter Callan (Plastic Surgeon, Australia)
Dr Dan Kennedy (Plastic Surgeon, Australia)
Dr Mark Magnusson (Plastic Surgeon, Australia)

International Speakers

Dr Daniel Cassuto, Italy
Dr Steven Fagien, USA
Dr Claude Le Louarn, France
Dr Arthur Swift, Canada
Dr Tom van Eijk, Netherlands
Dr Woffles Wu, Singapore

Local Guest Speakers

Dr Brett Archer, Australia
Associate Prof. Greg Goodman, Australia
Dr Tracey Lambert, New Zealand
Dr Adrian Lim, Australia
Dr Tony Moore, Australia
Dr Peter Muzikants, Australia
Dr Bryan Pang, Australia
Dr Van Park, Australia
Dr Shawn Richards, Australia
Dr Stefania Roberts, Australia

Local Faculty

Dr Steven Liew, Australia
Dr Peter Callan, Australia
Dr Dan Kennedy, Australia

Speakers

Dr Steven Fagien (Oculoplastic Surgeon, USA) : Periorbital aesthetics, Extended use of Botulinum toxins in the upper face, biological effects of dermal fillers etc

Dr Tom van Eijk (Cosmetic Physician, Netherlands): The Fern technique, Lip tenting. Vital wave, Fake lifting etc

Dr Steven Liew (Plastic Surgeon, Australia): Universal Concept of facial beauty, The curves and angles of facial beauty, The LIFT, Volumisation of the upper eyelid, Botox smile etc

Dr Daniel Cassuto (Plastic Surgeon, Italy): Current status of non-surgical fat reduction from RF to US, Current approach to cellulite, Fractionated laser: Ablative versus Non ablative, how I deal with neck lines etc.

Dr Claude Le Louarn (Plastic Surgeon, France): Facial aging: The Facial Recurve: a new concept on facial aging, The use of Botulinum toxin and functional anatomical approach, The use of Hyaluronic acid based on the Facial Recurve concept.

Dr Woffles Wu (Plastic Surgeon, Singapore): Facial aesthetics in Asians versus Caucasians: my approach, The Woffles thread, microbotox and the treatment of keloid etc, nonsurgical rejuvenation of the nose and glabella

Dr Arthur Swift (Plastic Surgeon, Canada): The mathematics of facial beauty, Beautification, nasal injection for the injection specialist, the complex central face, chin reflation etc

Dr Peter Huang (Plastic Surgeon, Taiwan): Calcium Hydroxyapatite filler: a deep plane approach to facial enhancement.

Associate Professor Greg Goodman (Dermatologist, Australia): Aging skin and the role of skin peels and cosmeceuticals, laser and lights for rejuvenation-what are we achieving and how are we doing it?, Aging in the perioral region.

Facial Injectables Masterclass

THURSDAY 17 NOVEMBER 2011
MACQUARIE UNIVERSITY

Delegates to get changed at 0830 - 1330 and to be briefed regarding regulation in anatomy labs

Delegates enter the lab at 0850 – 1350

Delegates will be split into two (2) groups of 30 (1st group in Live Patient Assessment and Injections Session and 2nd group in Cadaver Dissection Session) Both groups swap sessions after lunch so as all attendees have access to both sessions.

GROUP 1

Live Patient assessment and injections

0800 - 1230
1330 - 1800

instructors:

Dr Steven Fagien

Dr Steven Liew

Dr Arthur Swift

0800 - 0900 introduction

Dr S Liew 5 min

Pt assessment session

Lecture: Botox and Filler from walking to flying

DR S LIEW 5 MIN

PAatient assessment and treatment plan

Dr A Swift 20 min

PAatient Assessment and Treatment Plan

Dr S Liew 20 Min

0900 - 1000

Upper Third of Face

Lecture: Optimisation the result of upper third

Dr S Fagien 5 Min.

Botox and Filler to upper third demo Moderator

Dr S Liew

Filler to temple

Dr S Swift 15 Min.

Filler to temple

Dr S Fagien 15 Min.

Eye Brow reshaping and lifting

Dr A Swift 15 Min.

Eye Brow reshaping and lifting

Dr S Fagien 15 Min.

1000 - 1145

Middle Third

Lecture: Optimisation the midface / Lower eyelid

Dr A Swift 5 Min.

Demo: Enhancement of the Midface (needle): The money shot

Dr A Swift 20 Min.

1030 - 1045 Morning Tea Break

15 mINS.

Enhancement of the midface (cannula)

Dr S Liew 20 Min.

Tear Trough

Dr S Fagien 15 Min.

Nose

Dr A Swift 15 Min.

1145 - 1230

Lower Third

Lecture : Optimisation of lower third

Dr S Liew 5 Min.

Reshaping of lower third

Dr S Liew 15 Min

Chin enhancement

Dr A Swift 15 Min

Accordian line

Dr S Fagien 15 Min

GROUP 2

Cadaver dissection

0830 – 1230

1400 – 1800

Demonstrators:

Dr Peter Callan

Dr Dan Kennedy

Dr Mark magnusson

0900 – 0945

Part 1: 30 - 45 min (Dr Peter Callan)

Outlining the pertinent facial anatomy on pre-dissected fresh cadaver specimen Dr Peter Callan

(Delegates to view via monitors)

Layers of temporal fossa : structures in STF : the facial nerve, veins and artery DTF and temporalis muscle.

Nasal layers on dorsum where filler is normally being placed :the preperiosteal layer structures within columella

Detailed anatomy of Tear-trough : outlining the location of TT as well as ORL and its importance in its separation of pre-zygomatic space from orbit rim and discuss its significance.

0945 –1230

Part 2: ~3 hrs

Break into 3 groups (10 each with each demonstrator)

Detail demonstration of the above with filler injection into temple followed by layer dissection

Filler to nose and dissection

1030 - 1045 Morning Tea Break

15 MINS.

Dissection of midface with filler preinjected, demonstrating the layers, infraorbital, facial artery.

Dissection of lower lip, showing the closed proximity of DAO and DLI,

Dissection of risorius muscle,

mentalis muscle,

chin pad and others arise from group

Program at 9 September 2011

THURSDAY 17 NOVEMBER

1700-1900	Registration	Level 3	
1930-2030	Welcome Cocktail Reception	Exhibition Area (Level 3)	

FRIDAY 18 NOVEMBER

0700-0800	Registration	Level 3	
0800-0810	ASAPS President's Welcome	Craig Layt	

Room 1 and 2

The Science of Botulinum toxin and dermal fillers

0815-0845	BOTOX The Science, The present and What's available on the horizon (Allergan perspective)	Connor Gallagher
0845-0915	Dysport : The Science, The present and What's available on the horizon (IPSEN perspective)	Andy Pickett
0915-0945	Juvederm filler: The Science, The present and What's available in the horizon (Allergan perspective)	TBC
0945-1015	Restylane filler: The Science, The present and What's available in the horizon (Q-Med perspective)	Cindy Wong
1015-1030	Q and A	

1030-1100	Morning Tea	Exhibition Area
	Room 1 and 2	

Science of facial Aging /Current Treatment Technologies

1100-1130	Facial Recurve: A new Concept on facial Aging	Claude Le Louarn	
1130-1200	Laser/Light/US /RF in facial rejuvenation: The past, The present, The future		Daniel Cassuto
1200-1230	Aging Skin and the role of skin peel and Cosmoceuticals		Greg Goodman
1230-1300	Biological effect of dermal fillers	Steven Fagien	

1300-1345	Lunch	Exhibition Area
	Room 1	

1345-1530	Toxin and Filler of Lower Face		Room 2	Laser Skin resurfacing	
1345-1405	Aging in the perioral region	Greg Goodman	1345-1415	Fractionated laser: Ablative versus Nonablative: Its role in facial rejuvenation in current practice	Daniel Cassuto
1405-1425	Chin Reflation	Arthur Swift			
1425-1445	Botulinum toxin injection based on functional anatomy	Claude Le Louarn	1415-1445	Laser skin resurfacing: The classics, does it still have a role current aesthetic practice	Shawn Richards
1445-1505	Lips (The Lip Tenting Technique, Optimal Control over Shape and Volume using NASHA)	Tom van Eijk			
1505-1525	Dynamic folds (The Fern Pattern TM Technique, Basics, Details, latest thoughts)	Tom van Eijk	1445-1515	Ablative Fractional Lasers: What parameters are important	Peter Muzikants
			1515-1530	A New Approach to Fractional laser Therapy using the Fraxel 1927 Wavelength Combined with Topical Anti-Inflammatory Therapy: Improved Patient Experience and Outcomes	
1525-1530	Q and A				

1530-1600	Afternoon Tea	Exhibition Area	1530-1600	Afternoon Tea	Exhibition Area
1600-1800	Room 1 and 2				
	Live Injection session				
1600-1630	Lip tenting technique	Tom van Eijk			
1630-1700	Lip augmentation needles vs cannula	Stefania Roberts & Van Park			
1700-1730	Botulinum and my injection technique (DVD and patient markings)	Claude Le Louarn			
	Filler injection based on face recurve concept (DVD)				
1730-1845	Panel Discussions (Difficult lip, nasolabial fold, jawline, chest etc)	Steven Liew, Arthur Swift, Steven Fagien, Tom van Eijk, Woffles Wu, Daniel Cassuto, Peter Huang, Greg Goodman, Claude Le Louarn			
SATURDAY 19 NOVEMBER					
	Room 1 and 2				
	Facial Aesthetics				
0800-0830	Mathematics of facial beauty	Arthur Swift			
0830-0900	Facial aesthetics in Asians versus Caucasians: My approach		Woffles Wu		
0900-0930	Contemporary concepts of facial beauty: Universal Approach		Steven Liew		
0930-1000	Aesthetics OF the Periorbit	Steven Fagien			
1000-1020	Facial Aesthetics in Men	Steven Liew			
1020-1030	Q & A				
1030-1100	Morning Tea	Exhibition Area			
	Room1			Room 2	
	Toxin and Filler Periorbit and Upper Face			PDT and light related devices	
1100-1120	TBC	TBC			
1120-1140	Advanced Applications of BTX-A to the Periorbita	Steven Fagien	1100-1120	LED in skin rejuvenation: The science and its efficacy	TBC
1140-1200	Upper Periorbital enhancement: The new frontier	Steven Liew	1120-1140	Combining PDT and IPL in skin rejuvenation	Bryan Pang
1200-1220	The beautiful glabella and eyebrow shaping	Arthur Swift	1140-1200	Lasers and lights for rejuvenation – what are we achieving and how are we doing it?	Greg Goodman
1220-1240	Volumising the Temple	Steven Fagien		Q and A	
1250-1300	Lower eye	TBC		Room 2	
				How I deal with these common presentations?	
			1200-1220	How I deal with perioral rhytids	Adrian Lim
			1220-1240	How I deal with lower eyelid rhytids	Peter Muzikants
			1240-1300	How I deal with neck skin rhytids	Daniel Cassuto
1300-1345	Lunch	Exhibition Area		Lunch	Exhibition Area
	HA and others		1345-1530	Pigmentation and facial capillaries	
1345-1415	Current role of fat grafting in aesthetic medicine	Min-Tsai Lin	1345-1415	Facial Pigmentation: Still as hard to treat as ever	Tony Moore
1415-1435	The role of structural fat graft vs dermal fillers in my practice	Terrence Scamp	1415-1445	Melasma therapy for Asian skin.	Dr Ohmori (Cutera)
1445-1515	Clinically proven alternatives for treatment of pigmentation.	Malie Zauber (AST)	1435-1450	Sculptra in HIV patients - 10 years experience	Brett Archer
1450-1505	Radiesse - My experience	Woffles Wu			
1505-1520	Hyaluronic Acid 101: Choosing a HA dermal filler	Tracey Lambert			
1520-1530	Q and A				
1530-1600	Afternoon Tea			more	
	Room 1 and 2				
	Live Injection session				
1600-1730	Radiesse Injection demo 30 mins	Peter Huang			

	Midface Injection (Beautiphication): 30 min	Arthur Swift
	Accordion Line, Midcheek Crease and Neck: 30 min	Tom van Eijk
1730-1845	Panel Discussions (Case discussions: my complication and how I dealt with it)	Steven Liew, Arthur Swift, Steven Fagien, Tom van Eijk, Woffles Wu, Daniel Cassuto, Peter Huang, Greg Goodman, Peter Callan
1930 - late	Symposium Dinner	The Ivy

SUNDAY 20 NOVEMBER

	Room 1 and 2			
0800-0830	A ten year experience of Thread lifting – indications and combinations		Woffles Wu	
0830-1030	Room 1 and 2 New and Emerging Technology from the industry			
	Coolsculpting	Zeltiq		
	Microautologous Fat Transplantation (MAFT) Gun	Min-Tsai Lin		
	Ulthera	Collin Tham		
	Latest technologies in cosmetic injecting [commentary on injecting systems, their benefits and applications]	Daniel Cassuto (Mondeal Aesthetics)		
	Clear and Brilliant	Solta Medical		
1030-1100	Morning Tea	Exhibition Area	Room2	
	Room1			
1100-1300	Toxin and Filler Midface			Skin health
1100-1120	Nonsurgical rejuvenation of the nose and glabellar	Woffles Wu	1100-1120	Approaches to a healthier looking skin
1120-1140	The complex central face	Arthur Swift	1120-1140	Maximise the skin health: The role of dermal therapist in modern aesthetic practice
				Shawn Richards
1140-1200	Utilising volumisers to restore symmetry and beauty – the trend toward mid face rejuvenation	Daniel Cassuto	1140-1200	New age of chemical peel
			1200-1230	Acne scarring – Addressing surface, volume and movement to expedite optimal results
				Malie Zauber
1200-1220	Nasal enhancement for the injection specialist	Arthur Swift		Greg Goodman
1220-1235	Sculptra and Volume in Aesthetic Patients	Brett Archer	1230 -1300	Combination therapy utilizing lasers, skin care and injectables. Dr Ohmori (Cutera)
1235-1250	Botulinum Smile	Steven Liew		
1250-1300	Q and A			Q and A
1300-1345	Lunch	Exhibition Area	1300-1345	Lunch
	Toxin and Filler (miscellaneous)			Exhibition Area
1345-1405	Microbotox and the treatment of Keloids	Woffles Wu	1345-1415	Nonsurgical Skin tightening/Fat reduction
1405-1425	Aging hands and rejuvenation	Greg Goodman	1415-1445	Current status of nonsurgical fat reduction from RF to US
1445-1505	HA and the new paradigm	Tracey Lambert	1445-1515	Non- surgical skin tightening: 25 years
1505-1530	Challenging indications (The Fern Pattern TM Vital Wave and how to use the ‘Sydney Paradox’ in the Palma Technique. Fake Lifting, treating the optical evidence of skin surplus. Find the ‘Zorro-sign’ in the marionette collapse.’	Tom van Eijk	1515-1530	Cellulite: physiology and current treatment options
				Daniel Cassuto
				Tony Moore
				Daniel Cassuto
				The use of Multisource Radiofrequency for painless Face and Body skin tightening and for Fractional RF minimally invasive treatment of Wrinkles, Striae and Acne Scars
1530-1600	Afternoon Tea	Exhibition Area	1530-1600	Afternoon Tea
	Room 1 and 2			Exhibition Area
1600-1730	Panel Discussions (Patients assessment and management)		Steven Liew, Arthur Swift, Steven Fagien, Tom van Eijk, Woffles Wu, Daniel Cassuto, Peter Huang, Greg Goodman, Brett Archer	
1730-1800	Closing remarks - ASAPS President	Craig Layt		

General information

Venue

The Non Surgical Symposium will be held at the Hilton Sydney from 17-20 November 2011 inclusive. The Hilton Sydney is located at 488 George Street Sydney NSW Australia Tel: +61 2 9265 6046 Fax: +61 2 9266 2083 www.hilton.com

Sydney boasts some of the country's most iconic landmarks and the Hilton Sydney hotel is the perfect location to experience the wide array of this to see and do whilst in Sydney. Experience unique tours, check out some of the world's best restaurants and bars and, or course, take in the spectacular views of the breath-taking scenery. The Hilton Sydney is located within walking distance to the Queen Victoria Building and shopping precinct. Please ask Concierge for any assistance regarding tours, restaurants, shopping and how to get around whilst in Sydney.

Facial Injectable Masterclass: The Anatomy, The Aesthetic, The Technique

Thursday 17 November 2011 to be held at Macquarie University.

This Masterclass is currently full with a waitlist at 1 July 2011

Masterclass Fees

ASAPS Member	\$1,500.00
Non Member	\$1,800.00

Symposium Registration Fees

	Early Bird Before 15 August	Standard After 15 August	Late On or After 15 October
ASAPS Member	\$1,000.00	\$1,200.00	\$1,700.00
CPSA/ACD/ACSM/NZCAM ASPS/NZAPS & Non Members	\$1,600.00	\$1,800.00	\$2,400.00
Registrar/Nurse/Practice Manager	\$ 700.00	\$ 900.00	\$1,000.00
Accompanying Guest*	\$ 400.00	\$ 500.00	\$ 600.00

Registration Fee Inclusions

All registrations include entry to all sessions, entry to exhibition area, morning and afternoon teas, lunches, one entry to Welcome Cocktail Reception and Symposium Dinner, satchel and final program

***Accompanying Guest registration includes one entry to Welcome Cocktail Reception and Symposium Dinner Only.**

Social Functions

All registration fees include one entry to the Welcome Cocktail Reception and Symposium Dinner. Additional tickets may be purchased for the Welcome Cocktail Reception at A\$80.00 per person and \$160.00 person for the Symposium Dinner.

Thursday 17 November
Welcome Cocktail Reception
Exhibition Area located on Level 3 Hilton Hotel
Dress – smart casual
